

**STATE ENVIRONMENTAL QUALITY REVIEW NOTICE OF INTENT TO ESTABLISH LEAD  
AGENCY PURSUANT TO 6 NYCRR PART 617.6**

DATE: March 12, 2018  
TO: US ENVIRONMENTAL PROTECTION AGENCY  
FROM: Michael Long, Town Planner, Town of Lansing, NY  
RE: Proposed Site Plan for Lansing Rod & Gun Project

This notice is issued pursuant to 6 NYCRR part 617.6 of the implementing regulations for the New York State Environmental Quality Review Act (Environmental Conservation Law Article 8). The Planning Board of the Town of Lansing has determined that it should be Lead Agency for the required environmental review of the proposed action described below:

NAME OF ACTION: Lansing Rod & Gun Club, Inc. Shooting Range Relocation Project  
SEQRA STATUS: Unlisted Action, with coordinated review.

DESCRIPTION OF ACTION: The Planning Board is proposing to undertake review of a proposed Site Plan to relocate existing Trap Fields to North East side of Salmon Creek. Construct a new 10' x 20' warming shed, small gravel parking lot for six cars install vegetation buffer between Rod & Gun and Neighbor to the North. A copy of the application and the FEAF, Part 1 and supporting reports and documents are available at the Town Planning Office.

REASONS SUPPORTING THE LEAD AGENCY DETERMINATION: The Planning Board reviews and approves the Site Plan and Recommends, Special Use Permit to the Lansing Town Board. The Planning Board of the Town of Lansing is believed best suited to review the impacts of this proposed Project as (i) the Planning Board is the only body with jurisdiction to issue the final site plan approval for the Project, (ii) the Planning Board is best situated to understand and evaluate the potential unique impacts of such project upon the Town based upon the developmental patterns, topography, and unique natural and non-natural features of the Town of Lansing, including known streams, wetlands, UNAs, agricultural resources of value, and archeosensitive sites within or near the Project area, (iii) the Planning Board has the broadest governmental powers for investigating the potential or actual impacts of the Project and implementing conditions or mitigating controls, and accordingly (iv) the Planning Board has the greatest capacity for providing the most thorough environmental assessment of the proposed Project.

PLEASE TAKE NOTICE, that this determination, subject to the agreement or concurrence of the agencies involved, shall become effective 30 calendar days from the date of delivery hereof. If the agencies involved cannot agree upon the designation of a lead agency then, and in such event, the Commissioner of the Department of Environmental Conservation shall determine the Lead Agency pursuant to 6 NYCRR Part 617.6.
